

MRT Corp receives 7 bids for 2 tenders

KUALA LUMPUR: Mass Rapid Transit Corp (MRT Corp) has received seven bids for two tenders, namely power supply and distribution (PSD) and track works, for the 51km Sg Buloh-Kajang line

The tenders, which closed on Monday, saw four parties bidding for the PSD tender while three submitted for track works, MRT Corp said in a statement.

The PSD tender saw all pre-qualified bidders submitting a bid. However, two of the five pre-qualified companies for the TW tender did not submit their proposals.

The tenders were expected to be awarded towards the end of the third quarter of this year, it said.—
