

# My Rapid on track by 2017, says MRT CEO

KUALA LUMPUR: The My Rapid Transit project is on track to be delivered by July 2017, Mass Rapid Transit Corp (MRT Corp) CEO Datuk Azhar Abdul Hamid said yesterday.

“I ask the same question to my team every week whether we can deliver the project on time and the answer is yes.

“We’re not looking for credit. We want to make sure the product is delivered well and on time, so everyone can benefit,” he told *Bernama* at the MRT Corp Hari Raya Aidilfitri open house.

Azhar said MRT Corp had spent slightly over RM1 billion while the total value of packages awarded stood at about RM16.5 billion as at end-August.
