MEDIA RELEASE

NIGHT CLOSURE OF RIGHT LANES IN JALAN CHERAS FROM LEISURE MALL TO PLAZA PHOENIX

KUALA LUMPUR, 7 September 2012: To facilitate construction works for the MRT project, the right lanes of both the Kajang-bound and Kuala Lumpur-bound directions of Jalan Cheras between Leisure Mall and Plaza Phoenix (see map) will be closed nightly for 52 days from 10 September 2012 to 31 October 2012.

The closure will be from 11.00pm to 5.30am daily except Saturdays and public holidays to enable utility piloting work and related pre-construction works to be carried out.

An efficient traffic management plan will be implemented to ensure minimum inconvenience to road users and pedestrians. Safety barriers, hoardings and traffic cones will be installed at the work site to ensure road users and pedestrians are pre-warned of on-going works.

We apologize for any temporary inconvenience caused to the public during the construction of this world-class public transport facility that will benefit Malaysians at large.

For more information, members of the public can visit www.mymrt.com.my, twitter [@MRTMalaysia](https://twitter.com/MRTMalaysia) or contact the MRT Hotline at **1800-82-6868**.

About the MRT Project

MRT is a new rail transport system for the Klang Valley. It is part of the government's Greater Kuala Lumpur/Klang Valley's National Key Economic Area (NKEA), under the Economic Transformation Programme. The Sungai Buloh – Kajang (SBK) Line runs for 51kms, from the north-west town of Sg Buloh to the south-east city town of Kajang. Upon completion, it will comprise 31 stations, and serve

1.2 million people along the route. It will also have strategic integration with KL's existing rail transport network, namely the LRT, Monorail and KTM Komuter, as well as intra and inter-city bus routes. The end result will be better connectivity for KL and its surrounding cities, while reducing the number of cars that enter the capital.
