

# Works on MRT V2 viaduct commences

**KUALA LUMPUR:** Works on the MRT V2 viaduct by Gadang Engineering (M) Sdn Bhd has commenced, announced Mass Rapid Transit Corporation Sdn Bhd (MRT Corp).

The V2 works, costing RM863.4 million, was awarded to Gadang Engineering in June.

Spanning more than 5km, the viaduct will run from Kota Damansara to Dataran Sunway.

It is expected to be completed in February, 2016.

MRT Corp strategic communications and public relations director Amir Mahmood Razak said the viaduct will be the track for three MRT stations, namely Taman Industri Sungai Buloh, PJU and Dataran Sunway.

The viaduct will start from Taman Industri Sungai Buloh, and run through Sungai Buloh before ending at Dataran Sunway in front of Sunway Giza.

During the four-year construction period, various safety, health and environment-related measures will be implemented to minimise inconvenience to the public.

“Minimising noise and dust pollution will be our priority, as well as traffic management,” said Khew Check Kiet, the managing director of Gadang Engineering.

“All working sites will be cordoned off with proper construction hoardings and signages. Construction works will also adhere to working hours in compliance with the law,” he added.
