

# MRT awards RM107mil jobs

**PETALING JAYA:** Mass Rapid Transit Corp Sdn Bhd (MRT Corp) has awarded three more systems work packages worth a combined RM107.3 million to a joint venture (JV) between A.F.S. Engineering (M) Sdn Bhd and ST Electronics Ltd, a consortium comprising Apex Communication Sdn Bhd and Johnson Controls (M) Sdn Bhd, and Metronic Engineering Sdn Bhd for the Sungai Buloh-Kajang mass rapid transit (MRT) line.

The A.F.S. Engineering and ST Electronics JV was awarded a RM23.24 million contract to supply a Scada facility for supervisory control and data acquisition.

The Apex Communication and Johnson Controls consortium, meanwhile, clinched a RM41.04 million job for the engineering, procurement, construction, testing and commissioning of the electronic access control system.

Metronic's RM43.04 million job is for the supply of the building management system for the MRT project.

All three contracts are for a duration of 82 months.

With the latest awards, which are subject to the signing of Letter of Award, 53 of the 85 works packages have now been awarded, with a total value of RM19.8 billion.
