

## MEDIA RELEASE

# CLOSURE OF SLIP ROAD AT JALAN CHERAS (from 10 February 2013 – 11 May 2013)

**Kuala Lumpur, 8 February 2013:** Mass Rapid Transit Corporation (MRT Corp) wishes to announce the temporary closure of the slip road from Taman Mutiara Barat to Jalan Cheras beside the flyover to Taman Segar for three (3) months from 10 February 2013 to 11 May 2013.

The slip road closure (see attached map) is to facilitate piling works and pile cap construction for the MRT Sungai Buloh-Kajang Line.

As an alternative to access Jalan Cheras, motorists coming from Jalan Dato' Harun are advised to use Jalan Mutiara Raya to get onto Jalan Cheras.

Safety barriers, traffic cones and traffic flagman will be implemented to ensure road users are pre-warned of on-going works. MRT Corp apologises for any inconvenience caused to the public during the construction of this world-class public transport facility that will benefit Malaysians at large.

-Ends-

### About the MRT Project

*MRT is a new rail transport system for the Klang Valley. It is part of the Government's Greater Kuala Lumpur/Klang Valley's National Key Economic Area (NKEA), under the Economic Transformation Programme. The Sungai Buloh – Kajang Line runs for 51 kilometres, from the north-west town of Sg Buloh to the south-east city town of Kajang. Upon completion, it will comprise 31 stations, and serve 1.2 million people along the route. It will also have strategic integration with the Klang Valley's existing rail transport network, namely the LRT, Monorail and KTM Komuter, as well as intra and inter-city bus routes. The end result will be better connectivity for Kuala Lumpur and its surrounding cities, while reducing the number of cars that enter the capital.*
