

MEDIA RELEASE

TEMPORARY NIGHT LANE CLOSURES IN JALAN JEJAKA, MALURI

Kuala Lumpur, 6 March 2013: Mass Rapid Transit Corporation Sdn Bhd wishes to announce temporary night lane closures in Jalan Jejaka, Maluri from **8th March 2013 to 13th March 2013** to facilitate cabling works located within a 50-metre stretch of the road.

The night lane closures will be implemented in stages, involving one lane at a time, from **10:00pm to 5:00am**. Motorists are advised to be alert of the works being undertaken at the area.

The cabling work is an essential process in the construction of the underground MRT Maluri Station. Please see the appended map for the location of the night lane closures.

Safety barriers, hoardings and traffic cones will also be installed at the worksite to ensure road users and pedestrians are well-informed of on-going works. MRT Corp wishes to apologise for any temporary inconvenience caused to the public during the construction of this world-class public transport facility that will benefit Malaysians at large.

The Sungai Buloh-Kajang Line will comprise 31 stations, and serve 1.2 million people along the route. It will also have strategic integration with KL's existing rail transport network, namely the LRT, Monorail and KTM Komuter, as well as intra and inter-city bus routes. The end result will be better connectivity for KL and its surrounding cities, while reducing the number of cars that enter the capital.

For more information on the traffic diversion, the public can visit the MRT website at www.kvmrt.com.my or www.mymrt-underground.com.my, twitter @MRTMalaysia or twitter @MyMRT Underground or call the MRT Hotline at 1-800-82-6868.

-Ends-
