

MEDIA RELEASE

TRAFFIC MANAGEMENT PLAN FOR JALAN TEKNOLOGI, KOTA DAMANSARA

(4 APRIL 2013 – 4 NOVEMBER 2013)

Kuala Lumpur, 2 April 2013: Mass Rapid Transit Corporation (MRT Corp) wishes to announce the closure of the right-most lane on Jalan Teknologi for a length of 100m (both directions) from 4 April 2013 to 4 November 2013.

The closure is necessary to facilitate preparation for the construction of MRT piers on the road median. The closure involves comprehensive traffic management plan that has been deliberated thoroughly with all authorities to ensure uninterrupted traffic flow.

As part of MRT Corp's Standard Operating Procedure, safety barriers, hoardings and traffic cones will be installed at the work site to ensure road users and pedestrians are well-informed of on-going works. In addition, a 24-hour MRT Ronda will be patrolling along the route to attend to any emergencies.

MRT Corp wishes to apologise for any temporary inconvenience caused to the public during the construction of this world-class public transport facility that will benefit Malaysians at large.

The Sungai-Buloh Kajang Line will comprise 31 stations, and serve 1.2 million people along the route. It will also have strategic integration with KL's existing rail transport network, namely the LRT, Monorail and KTM Komuter, as well as intra and inter-city bus routes. The end result will be better connectivity for KL and its surrounding cities, while reducing the number of cars that enter the capital.

For more information on the traffic diversion, the public can visit the MRT website at www.kvmrt.com.my or www.mymrt-underground.com.my, twitter @MRTMalaysia or twitter @MyMRT Underground or call the MRT Hotline at 1-800-82-6868.

-Ends-
