

MEDIA RELEASE

PARTIAL LANE CLOSURES AT JALAN BUKIT BINTANG AND JALAN TONG SHIN

Kuala Lumpur, 16 May 2013: Mass Rapid Transit Corporation (MRT Corp) wishes to announce partial lane closures at the following locations:

i) **Jalan Bukit Bintang**

There will be a temporary partial night lane closure on the left-most lane on Jalan Bukit Bintang near the former Porsche showroom. This will be for a period of **TWO WEEKS** beginning **19 May 2013 to 2 June 2013, from 11:00pm to 5:00am daily.**

The 80-metre night closure is to facilitate piloting works for the MRT Project. (Please see Map 1)

ii) **Jalan Tong Shin**

There will be a temporary partial night lane closure on Jalan Tong Shin for a period of **ONE MONTH** beginning **20 May 2013 to 19 June 2013, from 11:00pm to 5:00am daily.**

This 200-metre closure is to facilitate excavating and laying works for underground utility cables for the MRT Project and will be implemented in stages. (Please see Map 2)

The closures are a key part of our safety practice at all MRT construction sites. It will ensure that any risk of public injury is minimised. Motorists are reminded to drive carefully near MRT worksites and to follow directional signs.

Safety barriers, hoardings and traffic cones will be installed at the work sites to ensure road users and pedestrians are well-informed of on-going works. In addition, a 24-hour MRT Ronda will be patrolling along the routes to attend to any emergencies.

MRT Corp wishes to apologise for any temporary inconvenience caused to the public during the construction of this world-class public transport facility that will benefit Malaysians at large.

The Sungai-Buloh Kajang Line will comprise 31 stations, and serve 1.2 million people along the route. It will also have strategic integration with KL's existing rail transport network, namely the LRT, Monorail and KTM Komuter, as well as intra and inter-city bus routes. The end result will be better connectivity for KL and its surrounding cities, while reducing the number of cars that enter the capital.

For more information on traffic diversion, the public can visit the MRT website at www.mymrt.com.my or www.mymrt-underground.com.my, twitter @MRTMalaysia or twitter @MyMRT Underground or call the MRT Hotline at 1-800-82-6868.
