

MEDIA RELEASE

PARTIAL LANE CLOSURES ON JALAN CHERAS

Kuala Lumpur, 25 September 2013: Mass Rapid Transit Corporation Sdn Bhd (MRT Corp) wishes to announce following traffic management plan:

i. Temporary partial lane closure on Jalan Cheras heading towards Jalan Loke Yew

A partial lane closure at Jalan Cheras, heading towards Jalan Loke Yew, will be implemented effective 27 September 2013 to 4 October 2013 from 12 midnight to 6:00am. (Please see appended Map 1.)

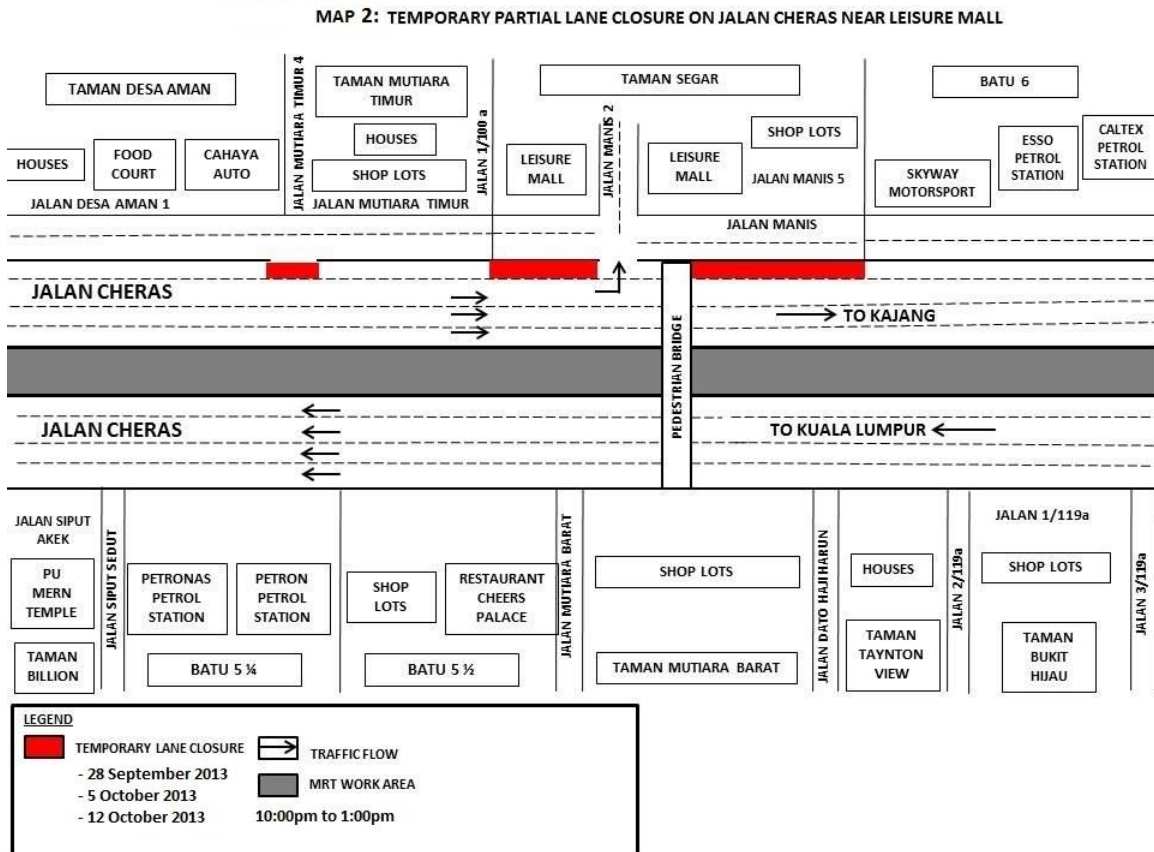

The lane closure, affecting a 20-metre stretch is necessary to facilitate grouting works for the Maluri MRT construction site.

ii. Temporary partial lane closure on Jalan Cheras, near Leisure Mall (Kajang-bound)

The left-most lane of Batu 5½ Jalan Cheras, opposite Leisure Mall (Kajang-bound) will be partially closed for a stretch of 400 metres for **THREE consecutive Saturdays from 10:00pm to 1:00pm**, to facilitate utility relocation works. (See the appended Map 2.)

The affected Saturdays are as follows:

- 28 September 2013
- 5 October 2013
- 12 October 2013

The closures are a key part of our safety practice at all MRT construction sites. It will ensure that any risk of public injury is minimised. Motorists are reminded to drive carefully near MRT worksites and to follow directional signs. Safety barriers, hoardings and traffic cones will be installed at the work sites to ensure road users and pedestrians are well-informed of on-going works. In addition, a 24-hour MRT Ronda will be patrolling along the routes to attend to any emergencies.

MRT Corp wishes to apologise for any temporary inconvenience caused to the public during the construction of this world-class public transport facility that will benefit Malaysians at large.

The Sungai-Buloh Kajang Line will comprise 31 stations, and serve 1.2 million people along the route. It will also have strategic integration with KL's existing rail transport network, namely the LRT, Monorail and KTM Komuter, as well as intra and inter-city bus routes. The end result will be better connectivity for KL and its surrounding cities, while reducing the number of cars that enter the capital.

For more information on traffic diversion, the public can visit the MRT website at www.mymrt.com.my or www.mymrt-underground.com.my, twitter @MRTMalaysia or twitter @MyMRT Underground or call the MRT Hotline at 1-800-82-6868.
