

MEDIA RELEASE

CONTINUATION OF TEMPORARY PARTIAL SLIP ROAD CLOSURE FROM JALAN LEONG YEW KOH INTO LDP HIGHWAY

Kuala Lumpur, 28 September 2013: Mass Rapid Transit Corporation Sdn Bhd (MRT Corp) wishes to announce the continuation of the partial closure of the left-most lane from Jalan Leong Yew Koh into Lebuhraya Damansara Puchong (LDP) slip road (KL-bound) from 1 October 2013 to 20 December 2013.

This 300-metre closure stretch is at the slip road turning into Jalan Damansara (towards Taman Tun Dr Ismail). (Please see appended map.)

With an efficient traffic management system, this temporary closure which started in June 2013 had minor impact to the traffic flow at this area. The continuation of the temporary closure is necessary to facilitate bore piling and concreting works in preparation for the construction of MRT piers and the future Taman Tun Dr Ismail station further up the road.

This closure is a key part of our safety practice at all MRT construction sites. It will ensure that any risk of public injury is minimised. Motorists are reminded to drive carefully near MRT worksites and to follow directional signs. Safety barriers, hoardings and traffic cones will be installed at the work sites to ensure road users and pedestrians are well-informed of on-going works. In addition, a 24-hour MRT Ronda will be patrolling along the routes to attend to any emergencies.

MRT Corp wishes to apologise for any temporary inconvenience caused to the public during the construction of this world-class public transport facility that will benefit Malaysians at large.

The Sungai-Buloh Kajang Line will comprise 31 stations, and serve 1.2 million people along the route. It will also have strategic integration with KL's existing rail transport network, namely the LRT, Monorail and KTM Komuter, as well as intra and inter-city bus routes. The end result will be better connectivity for KL and its surrounding cities, while reducing the number of cars that enter the capital.

For more information on traffic diversion, the public can visit the MRT website at www.mymrt.com.my or www.mymrt-underground.com.my, twitter @MRTMalaysia or twitter @MyMRT Underground or call the MRT Hotline at 1-800-82-6868.
