

MEDIA RELEASE

ONE-DAY TRAFFIC DIVERSION AT MAAROF INTERCHANGE

(21 December 2013 – 22 December 2013)

Kuala Lumpur, 20 December 2013: Mass Rapid Transit Corporation Sdn Bhd (MRT Corp) wishes to announce that Jalan Maarof (downhill towards Jalan Johar, at Maarof Interchange) will undergo a one-day traffic diversion from 8:00pm on 21 December 2013 to 12:00pm on 22 December 2013.

Motorists from Jalan Maarof heading towards Jalan Johar will be diverted to the opposite side of the road, which is currently being utilised by motorists from Sprint highway (KL-bound) to Jalan Maarof. Thus, motorists from Sprint highway (KL-bound) heading towards Jalan Maarof, will be diverted to Jalan Johar, going around Pusat Bandar Damansara Complex, passing HELP Residence and down to Jalan Maarof. *(Please refer to appended map.)*

The closure is necessary to accommodate large construction machineries needed for the construction of Pusat Bandar Damansara Station.

ENDS

About the MRT Project

MRT is a new rail transport system for the Klang Valley. It is part of the government's Greater Kuala Lumpur/Klang Valley's National Key Economic Area (NKEA), under the Economic Transformation Programme. The Sungai Buloh – Kajang (SBK) Line runs for 51kms, from the north-west town of Sg Buloh to the south-east city town of Kajang. Upon completion, it will comprise 31 stations, and serve 1.2 million people along the route. It will also have strategic integration with KL's existing rail transport network, namely the LRT, Monorail and KTM Komuter, as well as intra and inter-city bus routes. The end result will be better connectivity for KL and its surrounding cities, while reducing the number of cars that enter the capital.

MRT Corp wishes to apologise for any temporary inconvenience caused to the public during the construction of this world-class public transport facility that will benefit Malaysians at large. For more information on traffic diversion, the public can visit the MRT website at www.mymrt.com.my or www.mymrt-underground.com.my, twitter @MRTMalaysia or twitter @MyMRT Underground or call the MRT Hotline at 1-800-82-6868.

Motorists are reminded to drive carefully near MRT worksites and to follow directional signs. Safety barriers, hoardings and traffic cones will be installed at the work sites to ensure road users and pedestrians are well-informed of on-going works. In addition, a 24-hour MRT Ronda will be patrolling along the routes to attend to any emergencies.
