

MEDIA RELEASE

TEMPORARY PARTIAL CLOSURES AT JALAN TUN RAZAK AND SAUJANA IMPIAN INTERCHANGE

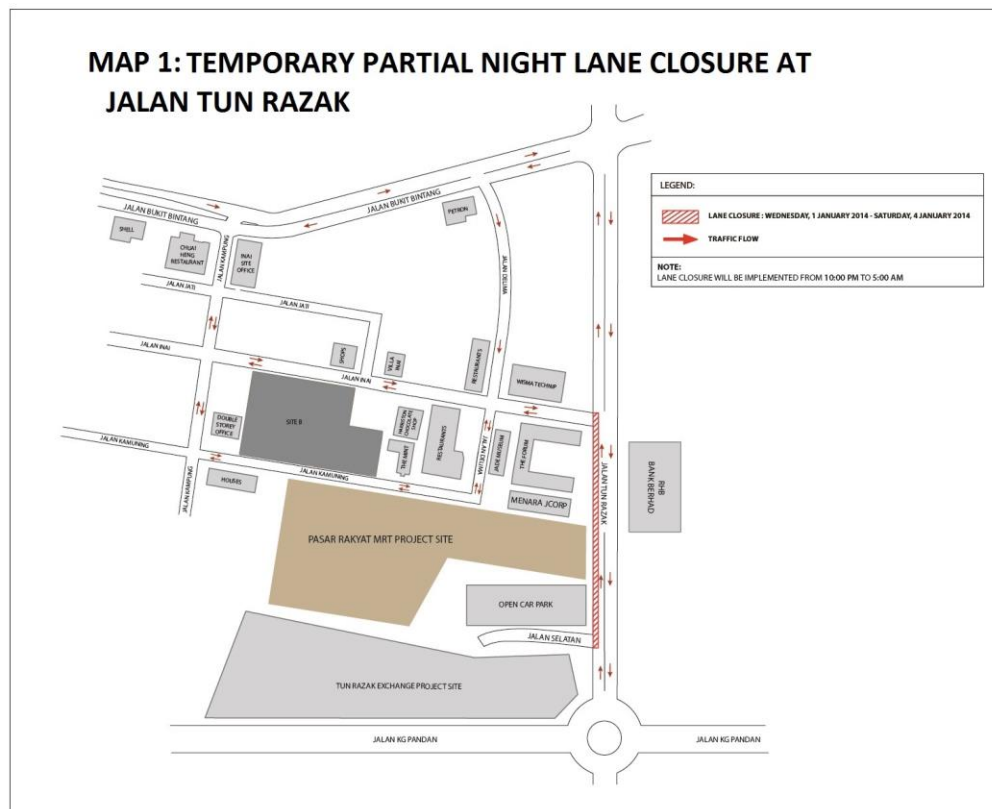

Kuala Lumpur, 30 December 2013: Mass Rapid Transit Corporation Sdn Bhd (MRT Corp) wishes to announce the following:

i. Temporary partial night lane closure at Jalan Tun Razak

There will be a temporary partial night closure of the left-most lane on Jalan Tun Razak beginning 1 January 2014 to 4 January 2014, between 10:00pm to 5:00am daily.

The 400-metre lane closure is from the junction of Jalan Selatan to Jalan Inai. (Please see appended Map 1.)

The closure is to facilitate manhole inspection works along the road for the construction of the MRT.

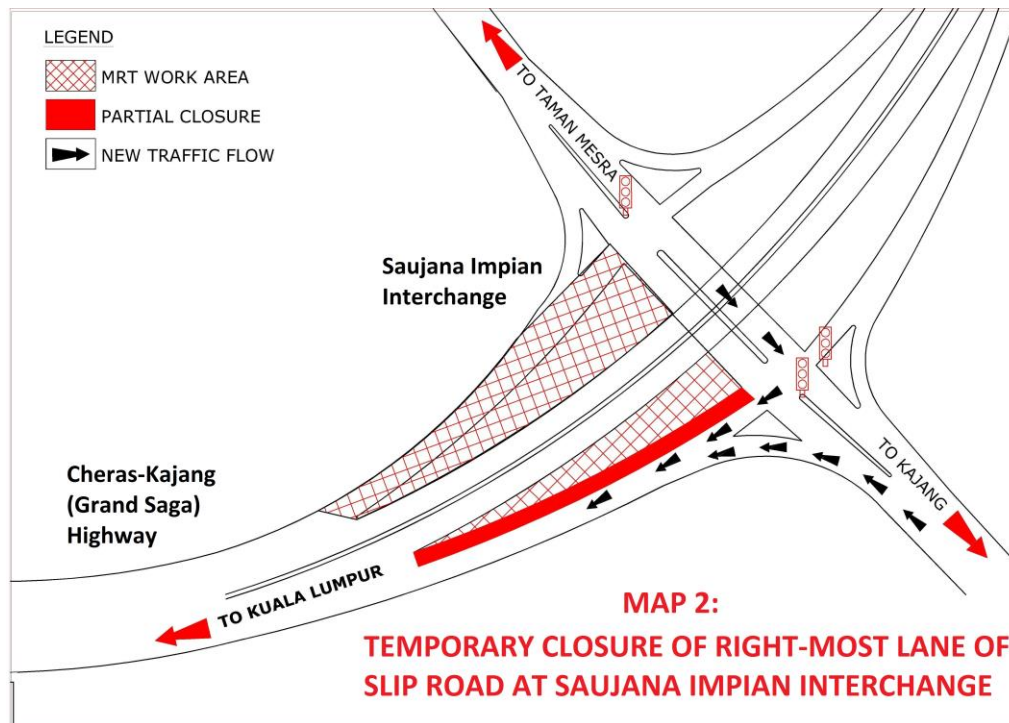

ii. Temporary lane closure of slip road at Saujana Impian Interchange

The right-most lane of the slip road at Saujana Impian Interchange from Kajang to Kuala Lumpur (Cheras-Kajang (Grand Saga) Highway) will be temporarily closed effective **1 January 2014 to 24 March 2014, 24 hours daily**.

Motorists heading to Kuala Lumpur can still use the slip road with the available one lane.
(Please see appended Map 2.)

The temporary closure is necessary to facilitate preparation works for the construction of MRT piers. This closure involves a comprehensive traffic management plan that has been studied by Grand Saga Highway and Lembaga Lebuhraya Malaysia (LLM) so that measures can be taken to minimise disruption to traffic.

ENDS

About the MRT Project

MRT is a new rail transport system for the Klang Valley. It is part of the government's Greater Kuala Lumpur/Klang Valley's National Key Economic Area (NKEA), under the Economic Transformation Programme. The Sungai Buloh – Kajang (SBK) Line runs for 51kms, from the north-west town of Sg Buloh to the south-east city town of Kajang. Upon completion, it will comprise 31 stations, and serve 1.2 million people along the route. It will also have strategic integration with KL's existing rail transport network, namely the LRT, Monorail and KTM Komuter, as well as intra and inter-city bus routes. The end result will be better connectivity for KL and its surrounding cities, while reducing the number of cars that enter the capital.

MRT Corp wishes to apologise for any temporary inconvenience caused to the public during the construction of this world-class public transport facility that will benefit Malaysians at large. For more information on traffic diversion, the public can visit the MRT website at www.mymrt.com.my or www.mymrt-underground.com.my, twitter @MRTMalaysia or twitter @MyMRT Underground or call the MRT Hotline at 1-800-82-6868.

Motorists are reminded to drive carefully near MRT worksites and to follow directional signs. Safety barriers, hoardings and traffic cones will be installed at the work sites to ensure road users and pedestrians are well-informed of on-going works. In addition, a 24-hour MRT Ronda will be patrolling along the routes to attend to any emergencies.
