About the MRT Project

MRT is a new rail transport system for the Klang Valley. It is part of the government's Greater Kuala Lumpur/Klang Valley's National Key Economic Area (NKEA), under the Economic Transformation Programme. The Sungai Buloh – Kajang (SBK) Line runs for 51kms, from the north-west town of Sg Buloh to the south-east city town of Kajang. Upon completion, it will comprise 31 stations, and serve 1.2 million people along the route. It will also have strategic integration with KL's existing rail transport network, namely the LRT, Monorail and KTM Komuter, as well as intra and inter-city bus routes. The end result will be better connectivity for KL and its surrounding cities, while reducing the number of cars that enter the capital.

MRT Corp wishes to apologise for any temporary inconvenience caused to the public during the construction of this world-class public transport facility that will benefit Malaysians at large. For more information on traffic diversion, the public can visit the MRT website at www.mymrt.com.my or www.mymrt-underground.com.my, twitter @MRTMalaysia or twitter @MyMRT Underground or call the MRT Hotline at 1-800-82-6868.
