

MEDIA RELEASE

RIGHT-MOST LANE CLOSURES AT SPRINT HIGHWAY/JALAN SEMANTAN (KL & PJ-BOUND)

Kuala Lumpur, 20 February 2014: Mass Rapid Transit Corporation (MRT Corp) wishes to announce that the right-most lanes at SPRINT highway/Jalan Semantan for both KL and Petaling Jaya-bound will be closed for **two (2) weeks starting 22 February 2014 until 7 March 2014 for 24 hours**. During the closure, 2 lanes will be made available for motorists on both KL and Petaling Jaya-bound.

This 200m closure stretches from opposite Menara HP to Wisma UN building (for KL-bound) and after Jalan Damansara Endah junction to before the junction underneath the flyover (for Petaling Jaya-bound). *(Please see appended map)*. Due to the works, an increased level of sound is expected. However, hacking works will cease at 10pm, after which, low-noise works will commence.

This closure is necessary to facilitate hacking works of SPRINT median concrete barrier for the construction of MRT pier and preparation for launching work.

Mass Rapid Transit Corporation Sdn Bhd (902884V)

Tingkat 5, Menara I & P 1,

Tel: +60 3 2095 3030

No. 46, Jalan Dungun, Bukit Damansara,

Fax: +60 3 2095 2121

50490 Kuala Lumpur, Malaysia.

As part of MRT Corp's Standard Operating Procedure, safety barriers, traffic cones and traffic flagman will be placed at the work site to ensure road users are pre-warned of on-going works. MRT Corp apologizes for any temporary inconvenience caused to the public during the construction of this world-class public transport facility that will benefit Malaysians at large.

ENDS

About the MRT Project

MRT is a new rail transport system for the Klang Valley. It is part of the government's Greater Kuala Lumpur/Klang Valley's National Key Economic Area (NKEA), under the Economic Transformation Programme. The Sungai Buloh – Kajang (SBK) Line runs for 51kms, from the north-west town of Sg Buloh to the south-east city town of Kajang. Upon completion, it will comprise 31 stations, and serve 1.2 million people along the route. It will also have strategic integration with KL's existing rail transport network, namely the LRT, Monorail and KTM Komuter, as well as intra and inter-city bus routes. The end result will be better connectivity for KL and its surrounding cities, while reducing the number of cars that enter the capital.

MRT Corp wishes to apologise for any temporary inconvenience caused to the public during the construction of this world-class public transport facility that will benefit Malaysians at large. For more information on traffic diversion, the public can visit the MRT website at www.mymrt.com.my or www.mymrt-underground.com.my, twitter @MRTMalaysia or twitter @MyMRT Underground or call the MRT Hotline at 1-800-82-6868.

Motorists are reminded to drive carefully near MRT worksites and to follow directional signs. Safety barriers, hoardings and traffic cones will be installed at the work sites to ensure road users and pedestrians are well-informed of on-going works. In addition, a 24-hour MRT Ronda will be patrolling along the routes to attend to any emergencies.
