

MEDIA RELEASE

TEMPORARY TRAFFIC CONTRA-FLOW AT JALAN TEKNOLOGI

Kuala Lumpur, 17 April 2014: Mass Rapid Transit Corporation Sdn Bhd (MRT Corp) wishes to announce the following traffic management plan for Jalan Teknologi, Persiaran Surian:

(i) Temporary traffic contra-flow at Jalan Teknologi (near Persiaran Surian junction)

A temporary traffic contra-flow will be implemented in two stages at Jalan Teknologi (near Persiaran Surian junction) to enable the construction MRT guideway in the median of Jalan Teknologi, as follows:

- **Stage 1**

Traffic from Jalan Teknologi to the Persiaran Surian junction will be diverted to the opposite lane from **20 April 2014 to 25 April 2014, between 8:00am and 7:00pm daily**. Motorists will have one lane available for each direction. *(Please refer to appended Map 1.)*

- **Stage 2**

Traffic from the Persiaran Surian junction to Jalan Teknologi will be diverted to the opposite lane **from 26 April 2014 to 1 May 2014, between 8:00am and 7:00pm daily**. Motorists will have one lane available for each direction. *(Please refer to appended Map 2.)*

ENDS

About the MRT Project

MRT is a new rail transport system for the Klang Valley. It is part of the government's Greater Kuala Lumpur/Klang Valley's National Key Economic Area (NKEA), under the Economic Transformation Programme. The Sungai Buloh – Kajang (SBK) Line runs for 51kms, from the north-west town of Sg Buloh to the south-east city town of Kajang. Upon completion, it will comprise 31 stations, and serve 1.2 million people along the route. It will also have strategic integration with KL's existing rail transport network, namely the LRT, Monorail and KTM Komuter, as well as intra and inter-city bus routes. The end result will be better connectivity for KL and its surrounding cities, while reducing the number of cars that enter the capital.

MRT Corp wishes to apologise for any temporary inconvenience caused to the public during the construction of this world-class public transport facility that will benefit Malaysians at large. Motorists are reminded to drive carefully near MRT worksites and to follow directional signs. Safety barriers, hoardings and traffic cones will be installed at the work sites to ensure road users and pedestrians are well-informed of on-going works. In addition, a 24-hour MRT Ronda will be patrolling along the routes to attend to any emergencies.

For more information on traffic diversion, the public can visit the MRT website at www.mymrt.com.my or www.mymrt-underground.com.my, twitter @MRTMalaysia or twitter @MyMRT Underground or call the MRT Hotline at 1-800-82-6868.
