

MEDIA RELEASE

ROAD CLOSURE AT JALAN BUKIT BINTANG, JALAN RAJA CHULAN (6AM UPDATE)

Kuala Lumpur, 7 May 2014: Mass Rapid Transit Corporation Sdn Bhd (MRT Corp) wishes to provide an update on the lane closures at the Bukit Bintang area.

A stretch of Jalan Raja Chulan (Tun Razak-bound) between Jalan Conlay and Jalan Imbi has been closed to all traffic. This is a continuation to the closure of a stretch of Jalan Bukit Bintang (Pavilion-bound) in front of the Audi Showroom which began last night due to a burst pipe.

The burst pipe had caused a depression to appear and in accordance with MRT Corp's Standard Operating Procedures to minimise any risk to road users, the MRT Project's Underground Works Contractor MMC Gamuda KVMRT (T) Sdn Bhd closed four lanes on Jalan Raja Chulan – two lanes Jalan Tun Razak-bound and two lanes for the right to into Jalan Imbi – at 3am this morning.

The two remaining lanes on Jalan Raja Chulan for traffic heading to Jalan Bukit Bintang using the slip road beside the Pavilion Shopping Centre remain open.

As a result of this additional closure, MRT Corp would like to advise road users of the following alternative routes:

- i) From Jln Raja Chulan headed to Tun Razak:**
Road users should turn left into Jln Sultan Ismail at Istana Hotel and then proceed along Jalan P Ramlee and Jalan Ampang to reach Jalan Tun Razak. Road users can also use Jalan Conlay and proceed along Jalan Kia Peng to access Jalan Tun Razak.
- ii) From Jalan Raja Chulan to Jalan Bukit Bintang:**
The two lanes remain open and can be used.
- iii) From Jalan Raja Chulan to Jalan Imbi**
As the right turn is closed, road users should use the slip road beside Pavilion to get onto Jalan Bukit Bintang, and then enter Jalan Yap Tai Chi to get to Jalan Imbi
- iv) From Jalan Conlay (Bukit Bintang-bound)**
All traffic exiting Jalan Conlay onto Jalan Raja Chulan will be diverted onto the slip road beside Pavilion onto Jalan Bukit Bintang

v) Jalan Bukit Bintang (Pavilion bound):

As the stretch in front of the Audi Showroom remains closed to all traffic, all traffic along Jalan Bukit Bintang from Jalan Tun Razak will be diverted to Jalan Imbi.

vi) Access to Bangunan LTAT and Menara Worldwide:

These two buildings can only be accessed via Jln Bkt Bintang from Jalan Tun Razak. Vehicles will be allowed to do a right turn into the buildings via the new temporary opening on the divider along Jalan Bukit Bintang.

vii) Pedestrian crossing at Chulan Square

The pedestrian crossing between Chulan Square and the Audi Showroom is also closed. Pedestrians should use the pedestrian crossing nearer to Pavilion Shopping Centre to get across Jalan Bukit Bintang.

Please see the attached map for details on these diversions.

Traffic police and the MRT Project Emergency Response Team have been deployed to help direct traffic.

MRT Corp apologises for the inconvenience caused and will provide further updates on the situation and when the road will be reopened.
