Location	Jalan Bukit Bintang
Date	9 June 2014 – 5 July 2014
Time	24 hours everyday
Duration	27 days
Reason	To facilitate underground construction work

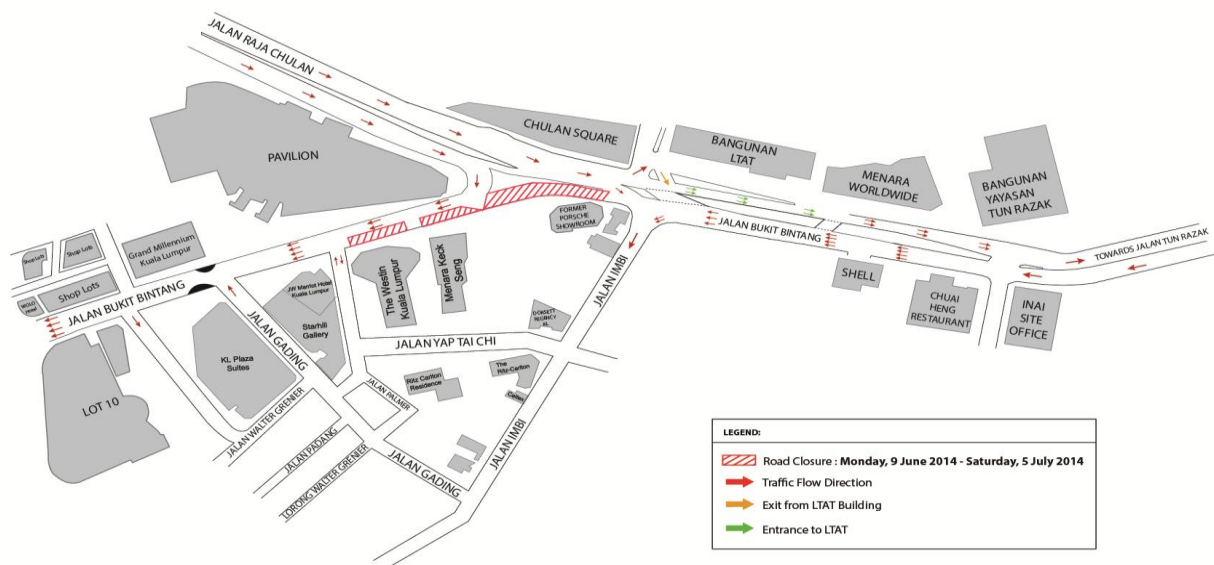

KUALA LUMPUR, 9 JUNE 2014: MMC Gamuda KVMRT (T) Sdn Bhd (MGKT) wishes to announce that an earlier planned closure of the two left-most lanes on Jalan Bukit Bintang has been implemented beginning today with a slight modification in the distance.

The closure is now shortened to only a 100-metre stretch, located between Menara Keck Seng and Westin Hotel beginning today till 5 July 2014. Initially it was planned to close until Starhill Gallery.

The modification was made after discussions with the authorities to ensure minimal impact to the traffic flow in the area.

This closure is necessary to enable us to carry out ground treatment works for the KVMRT's tunnelling works and it is also implemented in the interest of the safety of motorists as excavation work of tunnel boring machine (TBM) approaches Jalan Bukit Bintang where the ground condition is not too favourable. Please see map below on the location of the closure.
