

MEDIA RELEASE
TRAFFIC MANAGEMENT PLAN FOR MRT WORKS FROM JALAN DUTA TO JALAN SEMANTAN NEAR
MENARA TSH (PJ-BOUND)
16 APRIL 2015

Date	21 April 2015 until 4 May 2015
Time	10:00pm to 5:00am (Mon – Fri) 12:00am (Sat) to 12:00pm (Sun)
Duration	14 days
Reason	To assemble Launching Gantry works

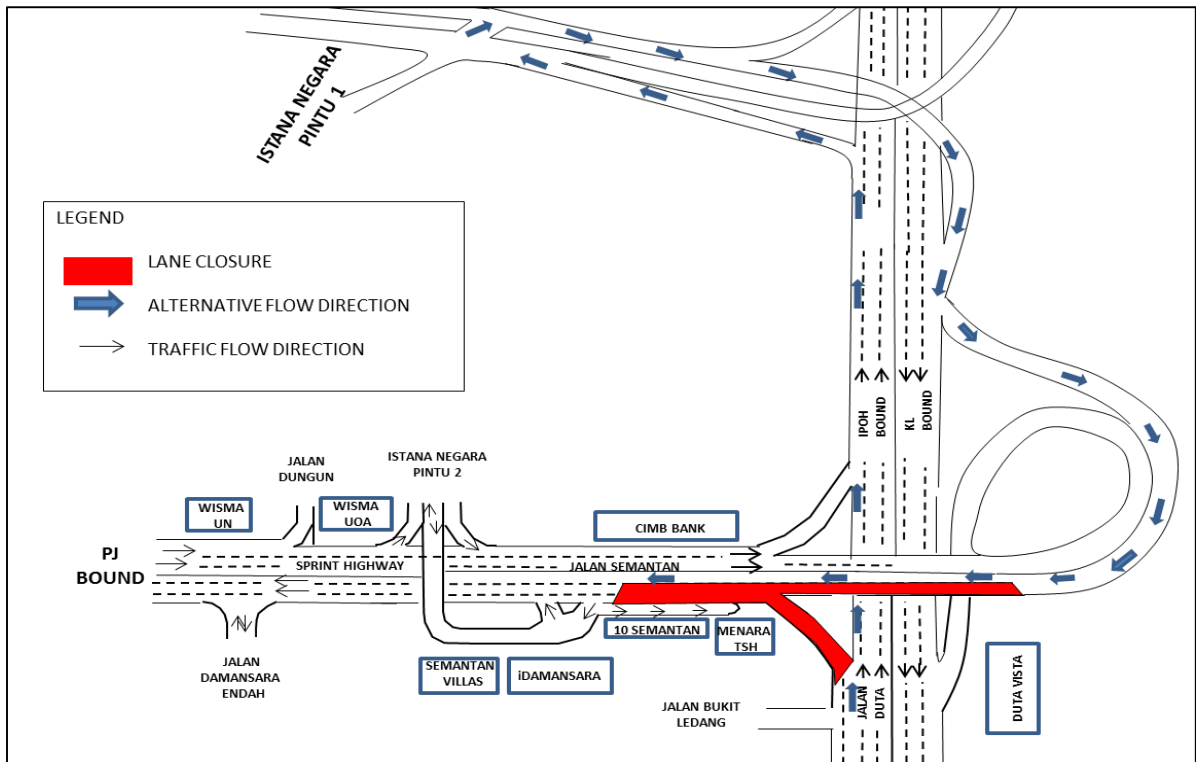

Kuala Lumpur, 16 April 2015 – A full night Traffic Management Plan (TMP) involving a left most lane closure at Jalan Semantan towards Menara TSH (Petaling Jaya-Bound) and full closure of the slip road from Jalan Duta to Jalan Semantan will be implemented on **21 April 2015 until 4 May 2015**, from **10:00pm to 5:00am (Mon – Fri) and 12:00am (Sat) to 12:00pm (Sun)**.

The full night closure is to facilitate the assembly of launching gantry works for the construction of the future Semantan MRT Station.

“The launching of gantry works require a deployment of large and heavy machineries, thus a safe zone including road closures are necessary to ensure public safety. To minimise inconvenience, this closure will only be done at night after traffic peak hours and on Sunday mornings. In addition, we are working closely with the local authority and nearby building managements, to ensure the TMP is implemented efficiently,” explains Adil Putra Ahmad, Deputy Construction Director of MMC-Gamuda, the Project Delivery Partner for the MRT Project.

During the closure, the following route will be available for motorists:

- **Motorists from KL heading towards Jalan Semantan** will proceed along Jalan Duta to turn left into Jalan Istana Pintu 1 to make a U- turn. From there, motorists can head straight back into Jalan Duta and take the left exit into Jalan Semantan, PJ bound (as indicated in map).
