

PRESS STATEMENT
WATER PILFERAGE OUTSIDE MRT CONSTRUCTION SITE
13 January 2015

Kuala Lumpur, 13 January 2016 – MMC-Gamuda KVMRT (PDP) Sdn Bhd wishes to respond to the media statement by the National Water Service Commission (SPAN) on the alleged water pilferage during enforcement operation at Kampung Selamat MRT station worksite.

Investigation conducted by MMC-Gamuda KVMRT (PDP) revealed that the location is outside the MRT project work site and the water supply was directed to a rented land between a sub-contractor and the landlord. The water supply was arranged by the landlord for the tenant's personal use, and not for the MRT works.
