

## MEDIA STATEMENT

### SEGMENT LIFTER TOPPLED AT MRT PROJECT WORKSITE AT JALAN KUALA SELANGOR

**Kuala Lumpur, 15 April 2019:** MMC Gamuda KVMRT (PDP SSP) Sdn Bhd (MMC Gamuda) wishes to confirm that a segment lifter toppled during preparation to move the lifting frame above Sungai Gasi, near Jalan Kuala Selangor worksite.

Workers were preparing to move the segment lifter along the viaduct when the incident happened approximately at 11:00pm, on 13 April 2019.

Neither workers nor members of the public were injured in the incident, which occurred completely within the confines of the work site and did not impact any public area.

The worksite is under Work Package V201 and the work package contractor (WPC) is Sunway Construction.

MMC Gamuda, together with the project owner Mass Rapid Transit Corporation Sdn Bhd (MRT Corp), have launched an investigation to determine the cause of the incident and mitigation measures to avoid similar incidents in the future. MRT Corp has also instructed checks on segment lifters used line wide.

MMC Gamuda wishes to state that the construction of the MRT project follows stringent safety procedures. Nevertheless safety checks and procedures will be reviewed and stepped up at all construction sites for the project.

The Project team is currently planning for the removal of the segment lifter tonight, between 10pm to 6am. Further updates will be provided when they become available.
