

MEDIA RELEASE

PUBLIC INSPECTION BEGINS FOR MRT PUTRAJAYA LINE MODIFICATIONS

*Modifications were the result of the Government's cost
rationalisation exercise*

Kuala Lumpur, 16 September 2020: Mass Rapid Transit Corporation Sdn Bhd (MRT Corp) wishes to announce the start of the MRT Putrajaya Line (formerly known as MRT Sungai Buloh-Serdang-Putrajaya Line) public inspection for modifications to the line's original railway scheme. The public inspection will commence on 17 September 2020 and run for three months until 17 December 2020.

Members of the public can inspect site context plans and other documents which show the modifications to the original railway scheme of the line at the Land Public Transport Agency (APAD) office at the Ground Floor of Menara Tun Ismail Mohamed Ali, Jalan Raja Laut, Kuala Lumpur. The documents will be displayed for inspection from 9.00am to 4.00pm from Monday to Friday except for public holidays.

The modifications to the railway scheme are the result of a cost rationalisation exercise by the Government for mega infrastructure projects in 2018. Under the exercise, the MRT Putrajaya Line construction cost was reduced by RM 8.82 billion from RM 39.35 billion to RM 30.53 billion.

The modifications to the original railway scheme are made possible by moving away from the previous build-to-capacity approach to project construction to building according to demand based on the revised ridership by the Land Public Transport Agency.

Among the modifications to be carried out are the deferred opening of Bandar Malaysia Utara and Bandar Malaysia Selatan underground stations, deferment or revision of station entrances

and pedestrian bridges, deferment of multi-storey park and ride facilities which will be replaced with at-grade park and ride facilities, and others.

For more information, members of the public can contact MRT Corp via the MRT Hotline 1800-82-6868 or email to feedback@mymrt.com.my.
