

ENVIRONMENTAL AND SUSTAINABILITY POLICY

Mass Rapid Transit Corporation Sdn Bhd (MRT Corp) and its subsidiaries are committed to operate in a sustainable, ethical and environmentally responsible manner, especially in the planning and development of our projects and properties, operation of our assets and management of our commercial activities. To deliver this commitment, MRT Corp and its subsidiaries will:

- Conserve and protect the environment
- Comply with applicable legal and other obligations
- Integrate Environmental Management System (EMS) standards and Environmental, Social and Governance (ESG) into our business processes
- Identify our ESG risks, efficiently manage its impacts and communicate the risks to our stakeholders
- Reduce risk and vulnerability of climate change by minimising our greenhouse gas (GHG) emission and effectively managing our resources and wastes
- Optimise our infrastructure services, connectivity and accessibility through constant monitoring of our train operator's service availability and reliability, enhancement of station connectivity, and continuous improvement on our facilities
- Develop skilled and competent workforce
- Continually improve our EMS and performance
