| <b>Reason</b>   | Identify And Relocation Utilities |

Please be informed that long-term intermittent night lane closures along a stretch of Jalan Tun Dr Awang (towards KOMTAR) and Jalan Mahsuri, will be implemented from 1 April 2026 to 31 July 2026. The closures will be carried out between 10:00 pm and 5:00 am, over a period of 122 days.

The traffic management plan is as follow:

During the implementation, intermittent closures between the SPICE Aquatic Centre and Sungai Relau will involve the left-most lane at the Jalan Mahsuri traffic-light junction heading towards Bayan Lepas, the left-most lane at Jalan Mahsuri (both directions) as well as both slip roads at the junction. These closures will be carried out in stages. However, other lanes will remain open to traffic (as shown in the attached map).

The closure is necessary to facilitate preliminary utilities works for the Penang Light Rail Transit (LRT) Project: Mutiara Line – Package CMC1.

Motorists are advised to follow directional signage. During the closure period, the PML Project Emergency Response Team will be onsite to assist with traffic management. Safety barriers, traffic cones and flagmen will also be deployed to ensure the safety of all road users. For further information, please refer to the map below.
